WHITE CHRISTMAS NEWLY PERCEPTIBLE

For the first time, a Victorinox pocket knife is launched with a special, tactile surface structure on the scales. Imprinted snowflakes are sensible thanks to the relief print. Together with the inlaid steel Cross&Shield, this elegant knife is a real eye-catcher. This special, global edition is produced in a limited series of 15000 pieces. Therefore, the 2017 Christmas will also be special for collec-

tors. Thanks to its many functions, it will always provide pleasure. White as the scales is also the gift box, which at the front and back allow an insight to the pocket knife. Our tip – make the Explorer «White Christmas» a present hanging on the Christmas tree and family and friends will be thrilled by this great surprise. Merry Christmas!
