

VICTORINOX

Alox Limited Edition 2016

Small Pocket Knives | 58 mm Classic Range
Medium Pocket Knives | 84 mm Original Swiss Army Knives, small models
Medium Pocket Knives | 93 mm Pioneer Range

available: as of April 18nd 2016

The “Alox Limited Edition” was launched last year for the first time and consists of three pocket knife models. The Classic (58 mm), the Cadet (84 mm) and the Pioneer (93 mm). The orchid violet Alox scales characterize this year’s edition. The Alox scales are punched from aluminum, embossed and then anodized in a subsequent process stage.

The Eloxal process uses anodic oxidation to create a protective layer. This layer of oxide is hard and provides additional scale protection against damage and corrosion. These three models will be launched in a new color every year. Each edition is limited to one year and the corresponding year is engraved on the back of the pocket knives.
