## ALOX LIMITED EDITION 2015

The “Alox Limited Edition” was launched this year for the first time and consists of three pocket knife models. The Classic (58 mm), the Cadet (84 mm) and the Pioneer (93 mm). The steel blue Alox scales characterize this year’s edition. This Alox scales are punched from aluminum, embossed and then anodized in a subsequent process stage.

The Eloxal process uses anodic oxidation to create a protective layer. This layer of oxide is hard and provides additional scale protection against damage and corrosion. These three models will be launched in a new color every year. Each edition is limited to one year and the corresponding year is engraved on the back of the pocket knives.
